• To see details of specifications and operations, refer to the instruction manual: C470/C471 instruction manual

Component identification

Using EL lights
The EL lights are turned on when you press button A while the crown is pushed in and the mode is [TME], [CAL] or [SET].

Setting the time of the digital section

1. Press and release the upper left button M repeatedly to change the mode to [TME].
2. Press and release the lower left button B repeatedly to indicate an area name you want on the digital display.
   • For area names, refer to the table on "Using the world time".
   • Pressing and releasing button A while pressing and holding button B also change the area name indication.
3. Press and hold the lower left button B for about 1 second.
   [S.T.] and [ON] or [OF] (off) starts blinking and the time becomes adjustable.
   • The blinking part is the target to adjust.
4. Press and release the lower left button B repeatedly to change the target to be set.
   • Each time you press button B, the target changes as follows:

   Normal time indication
   • Press button A to adjust the target.
   • Press button A in accordance with a reliable time source when setting the second.
   • Pressing and holding button A changes indication continuously when setting the minute and the hour.
   • "A" or "P" is displayed to indicate AM or PM in 12-hour basis indication.
5. Press and release the lower right button A to adjust the target.
6. Repeat steps 4 and 5 to set other targets.
7. Press and release the upper left button M to finish the procedure.

Using the zone-set function
You can hide unnecessary ones in the 30 areas and UTC, which the watch can indicate the time of; you can also activate/deactivate summer time for those areas separately.
• Press button M to cancel setting.
• The setting is automatically canceled in about 2 minutes without any operation during the setting.

1. **Press and release the upper left button M repeatedly to change the mode to [SET].**

2. **Press and release the lower left button B repeatedly to choose an area name on the digital display.**
   - Pressing and releasing button A while Pressing and holding button B also change the area name indication.

3. **Press and hold the lower left button B for about 1 second.**
   "ON" or "OF" and the area name starts blinking and display/hide of the area becomes adjustable.

4. **Press and release the lower right button A to select “ON” (display) or “OF” (hide) of the area.**

5. **Press and release the lower left button B.**
   "ON" or "OF" and “S.T.” (summer time) starts blinking and the summer time setting becomes adjustable.

6. **Press and release the lower right button A to set the summer time.**

7. **Repeat steps 2 to 6 to set other areas.**

8. **Press and release the upper left button M to finish the procedure.**

Resetting the watch — All Reset

1. **Pull out the crown.**

2. **Press and release buttons A, B and M at the same time.**
   All the digital indication lights up.

3. **Push in the crown.**
   The alarm sounds and the digital indication is turned off.

*After All Reset*
After All Reset, set the time and calendar and other settings. Set also the alarm.
